The information contained in this document provides you with a brief introduction to who we are, what we do, and how **Jolis International** can be of value to your business. To accomplish this, we present an overview of our services, highlight our capabilities, and offer some brief examples of our experience. The content is broken down as follows:

- Corporate Overview.
- Experience.
- Available Services.
- Client References.
- Contact Information

## **COMPANY OVERVIEW:**

***Over 10 years of Innovation, Dedication and Trust.***

### **Who we are:**

Jolis International, "The Power Behind eBusiness" is a limited company that was founded and incorporated in Uganda in 2014 with its headquarters at Plot Z, Professional Village, Akright City, Wakiso district. We have established a "low cost" web hosting industry by meeting the needs of small-to-medium sized businesses; Jolis International offers a "One Plan" package that is reliable and affordable to tens of thousands of web sites. Join our growing group of satisfied customers!

We work with clients in a variety of industries on a wide range of web solutions, such as information architecture, creative web design, web analytics, web usability, web strategy, email marketing, database development, search engine marketing, ecommerce solutions, content management systems, web hosting, domain name registrations and many more..

### **Primary Mission Statement**

"Have the LOVE of Jesus Christ reach the NEEDY".

### **Secondary Mission Statement**

To help our customers optimize their investments in Information Technology to become more competitive in there market place. Jolis International Ltd is to design, develop and market solutions which are aimed at offering luxury, time, and convenience and as well cost saving to a common consumer

### **Vision Statement**

The Vision of Jolis International Ltd. is to spearhead development in Information and Computer/ Communication Technology (ICT) at National and International levels by providing expert productivity in ICT.

## **WHAT WE DO (Available Services).**

### **1. Domain Name and Email Registration**

Jolis international is the leading domain name and email registrar in Uganda with over 5000 domain names.

### **2. Domain Reselling.**

As one of the earliest domain registrars, Jolis International provides you with exactly what you want. With very competitive prices, the most versatile interface and many free features, you may register your domains here with confidence and with the profit maximization.

Without the high advertising expense and luxury office decoration, Jolis International may save every dollar of your money with the lowest domain registration price compared with other registrars our rates are competitive to other domain registries.

### **3. Web Design and Development [Responsive Website Design]**

Most importantly, Jolis International Web Development establishes close relationships with all its customers and sincerely wants them to do well and prosper with their online endeavors. We Develop Corporate Websites and Websites for Small and Medium Businesses [SME] which are responsive.

### **4. CMS Websites – Content Management System.**

We can build Customized website editing application which enables customers to make changes to their website directly using a simple online (web based) interface.

This allows businesses to maintain their website in real-time using an easy-to-use Admin Console. By logging into a secure site admin area, a businessman can edit and/or create webpages without needing to understand web coding technologies, or use a web developer. We do offer Customized CMS in PHP, Customized Word press, Customized Drupal, Customized Joomla

### **5. Software Development.**

We write codes. However, unlike most software companies, we realize that's only part of the job. We don't just write code.

We develop professional software. This is why our clients choose Jolis International. Many companies can find programmers to generate code. However, few have the experience to produce professional quality software.

### **6. Website Hosting Services.**

Jolis International provides a range of web hosting packages. Basic web packages for small businesses and start-ups, through to advanced packages for professionals and enterprises. With the Jolis International AppWizard it's easy to install open source software at the touch of a button

## 7. E Commerce Web Solutions:

Jolis International is the largest provider of hosted eCommerce standard software in Uganda. We provide our customers a large range of interfaces and payment systems, and marketing features to help promote online businesses.

## 8. Dedicated and Virtual Servers:

Our servers have state-of-the-art server processors and SSD storage for maximum performance, speed, and reliability. All are IPv6 ready and come with G7Panel for easy administration. Our dedicated servers pack up to 512GB RAM and 2 x 4,000 GB hard drives. We also offer a comprehensive range of flexible, cost-effective virtual servers.
